Item 1.01 Entry into a Material Definitive Agreement.

Endorsement No. 1 to Amended and Restated Quota Share Reinsurance Agreement

On September 17, 2007, pursuant to the First Amendment to Master Agreement between and Maiden Holdings, Ltd. (the "Company") and AmTrust Financial Services, Inc. (the "AmTrust"), the parties caused the Company's Bermuda subsidiary, Maiden Insurance Company Ltd. ("Maiden Bermuda") and AmTrust's Bermuda subsidiary, AmTrust International Insurance, Ltd. ("AII") to enter into a quota share reinsurance agreement (the "Quota Share"), by which AII retrocedes to Maiden Bermuda an amount equal to 40% of the premium written by AmTrust's U.S., Irish and U.K. insurance companies (the "AmTrust Ceding Insurers"), net of the cost of unaffiliated inuring reinsurance (and in the case of AmTrust's U.K. insurance subsidiary, AmTrust Europe Limited ("AEL"), net of commissions) and 40% of losses with respect to the lines of business (workers' compensation, extended warranty and specialty risk and specialty program business for commercial property and casualty risks, including general liability, commercial property, commercial automobile liability and auto physical damage, but excluding certain specialty risk programs that AmTrust commenced writing after the effective date and risks, other than workers' compensation risks and certain business written by AmTrust's Irish subsidiary, AmTrust International Underwriters Limited ("AIUL"), for which the AmTrust Ceding Insurers' net retention exceeds \$5,000,000) then being written by AmTrust (the "Covered Business"). In addition, the Quota Share requires that Maiden Bermuda provide to AII sufficient collateral to secure its proportionate share of AII's obligations to AmTrust's U.S. insurance company subsidiaries. AII is required to return to Maiden Bermuda any assets of Maiden Bermuda in excess of the amount required to secure its proportionate share of AII's collateral requirements, subject to certain deductions.

The existing terms of the Quota Share provide that AII receives a ceding commission of 31% of ceded written premiums with respect to all Covered Business and 34.375% for retail commercial package business, which AmTrust began writing in 2008. From the inception of the Quota Share during the third quarter of 2007 through the end of 2008, workers' compensation and commercial property and casualty program business made up 59.5% of the Covered Business, while specialty risk and extended warranty made up 40.5%. As of March 31, 2011, specialty risk and extended warranty business, which generally has lower policy acquisition expenses than workers' compensation and commercial property and casualty program business, constituted 50.2% of the Covered Business, while workers' compensation and commercial property and casualty program business. Therefore, the parties agreed to adjust the ceding commission to reflect the change in the Covered Business and the effect on AmTrust's expenses, effective April 1, 2011, subject to approval of the Company's and AmTrust's respective Audit Committees.

On July 26, 2011, after receipt of approval from each of the respective Audit Committees, the Company and AmTrust executed the amendment to the Quota Share effective April 1, 2011. From April 1, 2011 through December 31, 2011, AII will receive a ceding commission of 30% of ceded written premiums with respect to all Covered Business. Commencing January 1, 2012, the ceding commission, excluding the retail package business ceding commission (which remains at 34.375%), will be adjusted within a range of 30% (if specialty risk and extended warranty subject premium, excluding ceded premium related to AmTrust's European hospital liability business discussed below, is greater than 42% of the total subject premium excluding retail package business) to 31% (if the specialty risk and extended warranty subject premium is less than 38% of the total subject premium excluding retail package business). In addition, the parties agreed to extend the term of the Quota Share one extra year through June 30, 2014 and for Maiden Bermuda to continue to provide AII with sufficient collateral to secure its proportionate share of AII's obligations under the Quota Share with respect to business written by AmTrust's insurance company subsidiaries (foreign and domestic).

Quota Share Reinsurance Agreement for European Hospital Liability business

Maiden Bermuda entered into a separate reinsurance agreement with AEL and AIUL by which AEL and AIUL cede 40% of their European hospital liability business, including business in force at April 1, 2011, to Maiden Bermuda (the "European Hospital Liability Quota Share"). The European Hospital Liability Quota Share has an initial term of one year, effective April 1, 2011, and can be terminated at April 1, 2012 or any April 1 thereafter by either party on four months' notice. Maiden Bermuda pays AEL and AIUL a 5% ceding commission, and AEL and AIUL will earn a profit commission of 50% of the amount by which the ceded loss ratio is lower than 65%. In addition, Maiden Bermuda pays AmTrust's subsidiary, AII Reinsurance Broker, Ltd., brokerage fees in the amount of 1.25% of net premiums ceded.

U.S. storm activity increased combined ratio by 2.6% in second quarter 2011

HAMILTON, Bermuda - Maiden Holdings, Ltd. (Nasdaq: MHLD) today reported a second quarter 2011 net loss of \$24.4 million or (\$0.34) per diluted share⁽⁴⁾ and net operating earnings⁽¹⁾ of \$11.2 million or \$0.15 per diluted share.

Commenting on Maiden's results, Maiden's CEO Art Raschbaum said "Despite the impact of non-recurring debt issuance related charges and unprecedented frequency and severity of storms in the second quarter, we continued our efforts to strengthen earnings by strategically expanding the underwriting portfolio in a disciplined manner, growing our asset base and reducing the debt cost of capital. Notwithstanding the impact of the unusual frequency and severity of weather related losses in the quarter, Maiden maintained profitable underwriting results for the quarter and through the first six months reflecting our continued focus on serving the non-catastrophe needs of our regional and specialty insurer clients."

At June 30, 2011, shareholders' equity of \$759.3 million grew 1.2% from year-end 2010 and book value per share⁽⁵⁾ increased 1.2% to \$10.52 from \$10.40 at year-end 2010.

(1) Net operating earnings is a non-GAAP financial measure defined by the Company as net income attributable to Maiden excluding realized investment gains and losses, foreign exchange gains and losses, amortization of intangible assets, accelerated amortization of junior subordinated debt discount and issuance cost, junior subordinated debt redemption expense, non-recurring general and administrative expenses relating to acquisition and non-cash deferred tax charge and should not be considered as an alternative to net income. The Company's management believes that net operating earnings is a useful indicator of trends in the Company's underlying operations. The Company's measure of net operating earnings may not be comparable to similarly titled measures used by other companies.

(2) Income from Operations is a non-GAAP financial measure defined by the Company as net income attributable to Maiden excluding foreign exchange gains and losses, amortization of intangible assets, interest and amortization expense, accelerated amortization of junior subordinated debt discount and issuance cost, junior subordinated debt redemption expense, income tax expense and loss attributable to noncontrolling interest and should not be considered as an alternative to net income. The Company's management believes that income from operations is a useful measure of the Company's underlying earnings fundamentals based on its underwriting and investment income before financing costs. This income from operations enables readers of this information to more clearly understand the essential operating results of the Company. The Company's measure of income from operations may not be comparable to similarly titled measures used by other companies.

(3) Investable assets is the total of the Company's investments, cash and cash equivalents, loan to a related party and the portion of the funds withheld balance that comprises fixed maturity securities and cash and cash equivalents.

(4) During a period of loss, the basic weighted average common shares outstanding is used in the denominator of the diluted loss per common share computation as the effect of including potential dilutive shares would be anti-dilutive.

(5) Calculated by dividing total Maiden shareholders' equity by total common shares outstanding.

(6) Capital is the total of the Company's junior subordinated debt, senior notes and shareholders' equity. The total capital as of June 30, 2011 is temporarily increased by \$88,973, which represents the amount of junior subordinated debentures (net of accelerated amortization of discount) which were redeemed on July 15, 2011.
