Item 1.02 Termination of a Material Definitive Agreement.

On August 1, 2013, Maiden Holdings, Ltd. (the "Company") and its wholly owned subsidiary, Maiden Insurance Company Ltd. ("Maiden Bermuda"), received notice from Integon National Insurance Company ("Integon"), a wholly owned subsidiary of National General Holdings Corp. ("NGHC"), that Integon was terminating, effective August 1, 2013, Maiden Bermuda's participation in the Personal and Commercial Automobile Quota Share Reinsurance Agreement between Maiden Bermuda, Integon, Technology Insurance Company, Inc., and ACP Re, Ltd. (the "Quota Share"). Maiden Bermuda has a 50% participation in the Quota Share, by which Maiden Bermuda receives 25% of the net premiums of NGHC's personal lines business. The Quota Share provides that the reinsurers, severally, in accordance with their participation percentages, receive 50% of the net premium of the personal lines business and assume 50% of the related net losses. As a result of this agreement, Maiden Bermuda assumed \$295.6 million of business during the year ended December 31, 2012, resulting in \$7.9 million of underwriting income for that period. The Company and NGHC agreed that the termination is on a run-off basis, meaning Maiden Bermuda will receive 25% of the net premiums and assume 25% of the related net losses with respect to the policies in force as of August 1, 2013 through the expiration of the policies.

HAMILTON, Bermuda - Maiden Holdings, Ltd. (NASDAQ: MHL) (“Maiden”) today reported second quarter 2013 net operating earnings⁽¹⁾ of \$20.4 million, or \$0.28 per diluted common share compared with \$19.7 million, or \$0.27 per diluted common share in the comparative quarter in 2012. Net income totaled \$20.2 million, or \$0.27 per diluted common share in the second quarter of 2013, compared with net income of \$14.5 million, or \$0.20 per diluted common share in the second quarter of 2012.

Commenting on the Company's earnings, Art Raschbaum, Chief Executive Officer of Maiden, said: “Maiden's results for the second quarter and the first six months of 2013 reflect improved underwriting performance, no adverse impact from the catastrophe events of the second quarter, strong growth from the AmTrust segment reflecting a favorable North American pricing environment, and an annualized return on common shareholders' equity of 10% for the first half of the year. Over time, we expect rising interest rates to benefit the Company's long-term earnings run rate as we deploy cash and reinvest assets at higher yields. Along with a favorable insurance pricing environment in North America and rising interest rates, we expect that Maiden's profitability will further benefit from expected repayment of the 14% TRUPS in January 2014.”

NGHC Quota Share

Maiden and NGHC have agreed to terminate their multi-year quota share reinsurance contract following NGHC's highly successful equity issuance of a 25% stake in NGHC through a private placement transaction. Under the terms of the agreement, NGHC maintains the right to terminate the quota share contract within 60 days of the initiation of a private placement or initial public offering. The termination is effective August 1, 2013, and is subject to regulatory approval by NGHC. The termination is by mutual agreement and takes effect on a run-off basis on that date.

Commenting on the termination, Maiden's Chief Executive Officer, Art Raschbaum, said, "We are very pleased to have had the opportunity to support NGHC as a quota share reinsurance capital provider. Following NGHC's equity issuance, the quota share capital support provided by Maiden is now unnecessary. Importantly with robust growth in our AmTrust business segment and favorable prospects for continued development of our diversified portfolio, the termination should have a negligible impact on Maiden's continued profitable growth."
