Cautionary Statement Regarding Forward-Looking Statements

Any forward-looking statements made in the presentation in Exhibit 99.1 reflect our current views with respect to future events and financial performance and are made pursuant to the safe harbor provisions of the Private Securities Litigation Reform Act of 1995. Such statements involve risks and uncertainties, which may cause actual results to differ materially from those set forth in these statements. For example, our forward-looking statements could be affected by pricing and policy term trends; increased competition; the impact of acts of terrorism and acts of war; greater frequency or severity of unpredictable catastrophic events; negative rating agency actions; the adequacy of our loss reserves; the Company or its subsidiaries becoming subject to significant income taxes in the United States or elsewhere; changes in regulations or tax laws; changes in the availability, cost or quality of reinsurance or retrocessional coverage; adverse general economic conditions; and judicial, legislative, political and other governmental developments, as well as management's response to these factors, and other factors identified in our filings with the U.S. Securities and Exchange Commission. You are cautioned not to place undue reliance on these forward-looking statements, which speak only as of the date on which they are made. We are under no obligation (and expressly disclaim any such obligation) to update or revise any forward-looking statement that may be made from time to time, whether as a result of new information, future developments or otherwise.

November & December 2014

MAIDEN HOLDINGS LTD

Forward Looking Statements

MAIDEN HOLDINGS LTD

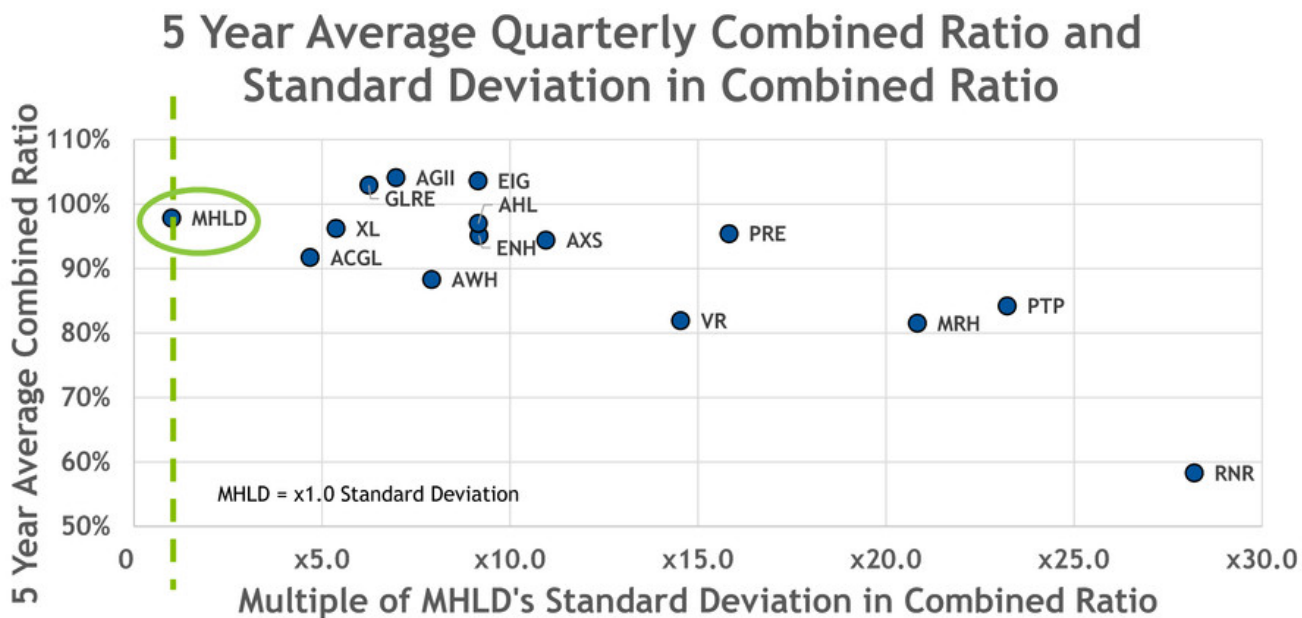

This presentation contains “forward-looking statements” which are made pursuant to the safe harbor provisions of the Private Securities Litigation Reform Act of 1995. The forward-looking statements are based on current expectations and beliefs of Maiden Holdings, Ltd. (the “Company”) concerning future developments and their potential effects on the Company. There can be no assurance that actual developments will be those anticipated by the Company. Actual results may differ materially from those projected as a result of significant risks and uncertainties, including non-receipt of expected payments, changes in interest rates, effect of the performance of financial markets on investment income and fair values of investments, developments of claims and the effect on loss reserves, decreases in existing and new client projected premiums, accuracy in projecting loss reserves, the impact of competition and pricing environments, changes in the demand for the Company’s products, the effect of general economic conditions, adverse state and federal legislation, regulations and regulatory investigations into industry practices, developments relating to existing agreements, heightened competition, changes in pricing environments and changes in asset valuations. The Company undertakes no obligation to publicly update any forward-looking statements, except as may be required by law. Additional information about these risks and uncertainties, as well as others that may cause actual results to differ materially from those projected is contained in Item 1A. Risk Factors in the Company’s Annual Report on Form 10-K for the year ended December 31, 2013.

Maiden's Value Proposition

- 1 Focus on low-volatility lines of business and more predictable “working layer” reinsurance
 - Not focused on the property catastrophe reinsurance market
- 2 Long-term relationships with targeted regional and specialty P&C insurers - 31-year operating history
- 3 Successful and stable multi-year strategic reinsurance relationship with AmTrust Financial Services, Inc. (“AmTrust”) since 2007
- 4 Diversified portfolio of low-volatility underwriting business
- 5 Predictable and stable operating results
- 6 Highly efficient and scalable operating platform
- 7 Growing balance sheet scale and capital efficiency supported by the low-volatility model
- 8 Reduced cost of capital following TRUPs redemption enhances operating returns
- 9 Conservative investment portfolio
- 10 Strong commitment to rewarding shareholders through dividends

Maiden targets consistent underwriting profitability, above industry average growth and an operating ROAE of 15% or greater

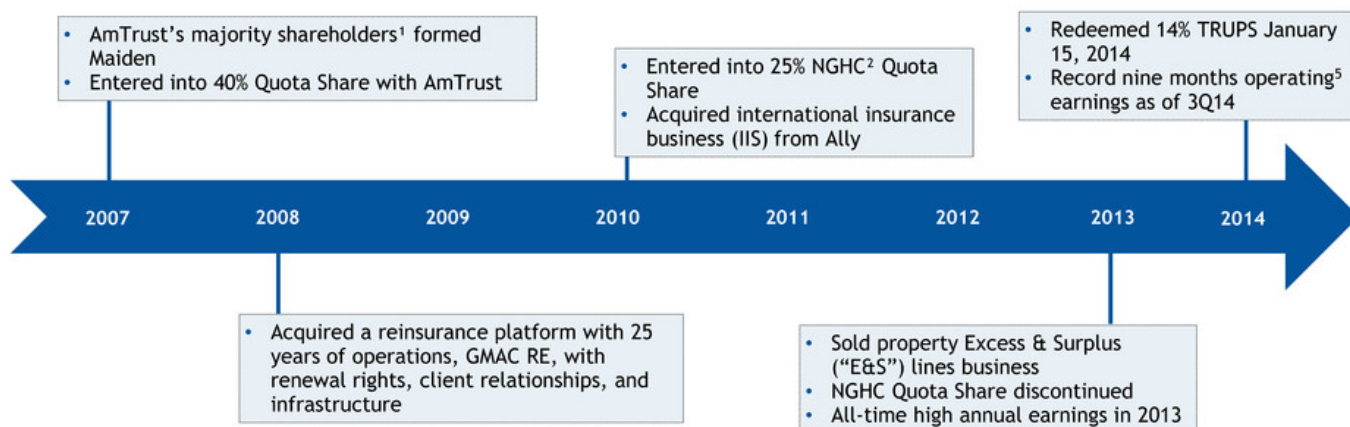

Predictable and Stable Operating Performance

Relatively stable and profitable combined ratio reflecting low volatility underwriting portfolio

Non-GAAP Financial Measures

MAIDEN HOLDINGS LTD

Appendix

- In presenting the Company's results, management has included and discussed in this presentation certain non generally accepted accounting principles ("non-GAAP") financial measures within the meaning of Regulation G as promulgated by the U.S. Securities and Exchange Commission. Management believes that these non-GAAP measures, which may be defined differently by other companies, better explain the company's results of operations in a manner that allows for a more complete understanding of the underlying trends in the Company's business. However, these measures should not be viewed as a substitute for those determined in accordance with generally accepted accounting principles ("U.S. GAAP").
- *Operating Earnings and Operating Earnings per Common Share:* In addition to presenting net income determined in accordance with U.S. GAAP, we believe that showing operating earnings enables investors, analysts, rating agencies and other users of our financial information to more easily analyze our results of operations in a manner similar to how management analyzes our underlying business performance. Operating earnings should not be viewed as a substitute for U.S. GAAP net income. Operating earnings are an internal performance measure used in the management of our operations and represents operating results excluding, as applicable on a recurring basis, net realized and unrealized gains or losses on investment, foreign exchange and other gains or losses, amortization of intangible assets and non-cash deferred tax expenses. We exclude net realized and unrealized gains or losses on investment and foreign exchange and other gains or losses as we believe that both are heavily influenced in part by market opportunities and other factors. We do not believe amortization of intangible assets are representative of our ongoing business. We believe all of these amounts are largely independent of our business and underwriting process and including them distorts the analysis of trends in our operations. We also exclude certain non-recurring expenditures that are material to understanding our results of operations. As of the third quarter of 2014, we exclude impairment losses. Beginning in the second quarter of 2014, we exclude our divested E&S business as it has been in run-off for over one year following the sale to Brit effective May 1, 2013. Furthermore, in the Q1 of 2014 and Q2 2011, we exclude the accelerated amortization of the Junior Subordinated Debt discount and the write off of the associated issuance costs. In Q1 2014 and Q4 2013, we also exclude the interest expense incurred on our 2013 Senior Notes prior to the redemption of the outstanding Junior Subordinated Debt given the one time nature of the additional funding cost. For 2011 and 2010, we exclude transaction expenses related to the IIS Acquisition as these are non-recurring.
- *Operating Return on Average Common Equity ("Operating ROACE"):* Management uses operating return on average common shareholders' equity as a measure of profitability that focuses on the return to Maiden common shareholders. It is calculated using operating earnings available to common shareholders (as defined above) divided by average Maiden common shareholders' equity. Management has set as a target a long-term average of 15% Operating ROACE, which management believes provides an attractive return to shareholders for the risk assumed from our business. The repayment of the Junior Subordinated Debt in the first quarter of 2014 is a crucial step in advancing the Company closer to that goal.
- See the previous page of this presentation for a reconciliation of non-GAAP measures used in this presentation to their most directly comparable GAAP measures.
