#### Results for the three months ended December 31, 2011

Net income was \$17.5 million, or \$0.24 per diluted share compared to \$19.1 million or \$0.27 per diluted share in the fourth quarter of 2010. Net operating earnings<sup>(1)</sup> of \$17.2 million, or \$0.24 per diluted share compared with \$17.2 million, or \$0.24 per diluted share in the comparative quarter of 2010.

Net premiums written were up 23.8% or \$78.4 million to \$408.5 million in the fourth quarter of 2011 compared to 2010. The increase was prevalent across Maiden's three business segments, led by the Diversified Reinsurance segment, up 32.8%. Growth from this segment reflects the continued growth of Maiden Re, the Company's US reinsurance subsidiary. Maiden Re, which focuses on regional reinsurers, has experienced growth from expansion of existing client relationships and as a result of increased demand following the high frequency of weather losses in the second quarter of 2011. The AmTrust Quota Share Reinsurance net premiums written increased 20.1% as AmTrust's core premiums increased. Maiden also continued to participate in the 40% quota share of AmTrust's European hospital liability business. Net premiums written from the 25% quota share with ACAC increased by 9.1% reflecting growth in its underlying business.

Net premiums earned of \$417.8 million, increased 33.7% or \$105.3 million compared to the fourth quarter of 2010. Earned premiums increased across all business lines with Diversified Reinsurance up 41.3%, AmTrust Quota Share Reinsurance up 31.9% and ACAC Quota Share up 17.3%.

Net investment income of \$17.2 million decreased 2.9% compared to the fourth quarter of 2010. Total investments increased \$142.6 million to \$2.0 billion or 7.6% versus December 31, 2010. The book yield on the fixed income portfolio (excluding cash) is 3.59% with an average duration of 2.78 years.

Net loss and loss adjustment expenses of \$296.8 million were up \$87.9 million. The loss ratio<sup>(6)</sup> increased 4.0 percentage points to 70.8% versus the fourth quarter of 2010.

Commission and other acquisition expenses together with general and administrative expenses of \$115.4 million increased \$20.2 million from the year ago quarter and reflected a total expense ratio of 27.5% compared with 30.5%. General and administrative expenses for the quarter totaled \$16.3 million compared with \$13.3 million in the fourth quarter of 2010. The general and administrative expense ratio<sup>(8)</sup> was 3.8% compared to 4.3% in the fourth quarter of 2010.

The combined ratio<sup>(9)</sup> for the fourth quarter totaled 98.3% compared with 97.3% in the comparative quarter in 2010. The combined ratio was adversely impacted in the fourth quarter of 2011 by weather-related losses which impacted the Company's IIS business and a higher than anticipated loss ratio in the ACAC segment.

During the fourth quarter of 2011, the Board of Directors declared a dividend of \$0.08 per share.

#### Results for the year ended December 31, 2011

Net income for the year ended December 31, 2011 was \$28.5 million compared to \$69.9 million in the year 2010. Net operating earnings<sup>(1)</sup> of \$69.6 million, or \$0.96 per diluted share compared to \$72.7 million or \$1.02 per diluted share in the year 2010. Annualized operating return on equity<sup>(1)</sup> was 9.2% compared to 10.2% in the year 2010.

Maiden's net income was impacted by a number of non-operating expenses during 2011. These include charges related to the repurchase of junior subordinated debt with proceeds from the June 2011 Senior Notes offering. 2011 results include \$15.1 million of junior subordinated debt repurchase expenses and \$20.3 million of accelerated amortization of subordinated debt discount and issuance costs. 2011 financial results were also impacted by \$9.5 million in losses related to thunderstorm and tornado activity across the U.S. in the second quarter, net of the Company's quarterly provisions for normalized catastrophe activity compared to no catastrophe losses in 2010.

Net premiums written rose 40.4% or \$495.7 million to \$1.7 billion compared to the same period in 2010. The Diversified Reinsurance segment increased 44.0% as a result of organic growth from current and new business, as well as business resulting from the first full year of premiums following the fourth quarter 2010 acquisition of GMAC International Insurance Services, Ltd. The AmTrust Quota Share Reinsurance segment was up 43.0% due to the growth of AmTrust's principal business and the addition of the European hospital liability business as of the second quarter 2011. Net premiums written for the ACAC Quota Share rose 24.5% compared to 2010 as this was the first full year of that client relationship following its inception in March 2010.

Net premiums earned of \$1.6 billion, increased 32.7% or \$382.6 million compared to the year 2010. Earned premiums grew in all business segments with Diversified Reinsurance up 24.5%, AmTrust Quota Share Reinsurance up 25.4% and ACAC Quota Share up 99.1%.

Net investment income of \$74.9 million was up 4.5% compared to the same period in 2010. This reflects the increase in investable assets of \$170.4 million, which more than offset the decrease in book yield (excluding cash) to 3.59% from 4.00% at the end of 2010.

Net loss and loss adjustment expenses of \$1.0 billion were up \$287.9 million. The loss ratio<sup>(6)</sup> increased 2.0 percentage points to 66.6% versus the year 2010.

Commission and other acquisition expenses together with general and administrative expenses of \$492.7 million increased \$113.8 million from 2010 and reflected a total expense ratio of 31.5% compared with 32.3%. General and administrative expenses for the year totaled \$53.9 million compared with \$42.2 million in the year 2010. These results reflected a general and administrative expense ratio (8) of 3.5% in 2011 and 3.5% in 2010.

The combined  $ratio^{(9)}$  for 2011 was 98.1% versus 96.9% for the year 2010.

Total assets increased 12.5% to \$3.4 billion compared to \$3.0 billion at year-end 2010. Total cash on hand was \$303.0 million, comprised of cash and cash equivalents of \$188.1 million, up 95.6% compared to \$96.2 million at the end of last year, and restricted cash and cash equivalents of \$114.9 million, an increase of 28.0% versus year-end of 2010. Shareholders' equity was \$768.6 million, an increase of 2.5% compared to December 31, 2010. Book value per share was \$10.64 at the end of 2011 or 2.3% higher than then end of 2010. Excluding the \$35.4 million of costs associated with the June 2011 debt issuance, book value per share on December 31, 2011 would have been \$11.13 or 7.0% higher than on December 31, 2010.
